

I'M GONNA BRING YOU JOY

I know we talked about me without you here,
how I couldn't think of us without endin' up in tears.
But things are different now, I like the way I breathe,
and ya know I even smile when I picture you and me
in our first conversation in heaven.

We're both sittin' on a cloud, feet danglin' off the edge,
a thousand shades of orange are settin' in the west.
I'm takin' in the warmth from the sun and you
and knowin' that I did all I set out to do
for our first conversation in heaven.

**I, I'M GONNA BRING YOU JOY.
I, I'M GONNA BRING YOU JOY.
I DON'T HAVE A DOUBT WITH THE WAY I'M LIVIN' NOW
THAT I'M GONNA BRING YOU JOY.**

I sort the memories I make at the end of every day,
scoop up the stack you'll like, and I tuck 'em all away.
Then I pick one you won't want, dig up the pain that's there,
grieve until it's gone so I have more to share
in our first conversation in heaven.

I, I'M GONNA BRING YOU JOY...
